

On Monday, May 9, 2022, the Hibbing Public Utilities Commission will begin its Hydrant Inspection and Flushing Program. Flushing is scheduled between the hours of 7:00 a.m. and 3:00 p.m.

In the event that it is necessary to use potable water during this time period, we suggest drawing a supply of water for storage, prior to the start of the flushing procedure. Water discoloration may occur temporarily, which can produce iron staining while washing clothes. If possible, refrain from washing clothing during the flushing schedule if you are near the flushing areas below. This schedule is also available at [www.hpuc.com](http://www.hpuc.com).

The following areas will be flushed from Monday morning, May 9, through Friday afternoon May 13, 2022. Depending on progress these areas may fluctuate, therefore, this schedule may move forward or back a day. Areas adjacent or near flushing sites may be affected.

**Monday, May 9**

<u>Hyd. No.</u>	<u>Area</u>
799	East of Water Treatment Plant on
556	Townline Road. North on O'Rourke to
554	River Creek area.
