

On Monday, July 18, 2022, the Hibbing Public Utilities Commission will continue its Hydrant Inspection and Flushing Program. Flushing is scheduled. Hours may vary

In the event that it is necessary to use potable water during this time period, we suggest drawing a supply of water for storage, prior to the start of the flushing procedure. Water discoloration may occur temporarily, which can produce iron staining while washing clothes. If possible, refrain from washing clothing during the flushing schedule if you are near the flushing areas below. This schedule is also available at www.hpuc.com.

The following areas will be flushed from Tuesday morning, July 18, through Friday afternoon July 22, 2022. Depending on progress these areas may fluctuate, therefore, this schedule may move forward or back a day. Areas adjacent or near flushing sites may be affected.
