

On Monday, June 22, 2020, the Hibbing Public Utilities Commission will resume its Hydrant Inspection and Flushing Program

In the event that it is necessary to use potable water during this time period, we suggest drawing a supply of water for storage, prior to the start of the flushing procedure. Water discoloration may occur temporarily, which can produce iron staining while washing clothes. If possible, refrain from washing clothing during the flushing schedule if you are near the flushing areas below. This schedule can also be found at www.hpuc.com.

The following areas will be flushed from Monday morning, June 22 to Friday afternoon June 26, 2020. Flushing is scheduled between 7:00 a.m. and 3:00 p.m. Depending on progress these areas may fluctuate; therefore, this schedule may move forward or back a day. Areas adjacent or near flushing sites may be affected.
