

Hibbing Public Utilities
Policy Number: CUST107Commercial Energy Audit
Date: April 24, 2012

Subject: Commercial Energy Audits

Energy Audit Rebate: HPUC would pay first \$100.00 of audit with the business owner and HPUC splitting the remaining cost on a 50/50 basis up to \$400.00 for the electrical portion of audit only. If the business follows through with the recommendations of the audit, then the HPUC will reimburse the business for their half of the audit fee, not to exceed an additional \$400.00, and again only for the electrical portion of the audit. Business owners would still be eligible for the other energy saving programs available through the HPUC, not to exceed the annual CIP budget.
