

Hibbing Public Utilities

Policy Number: CUST109movingoverdimensionloadwithinHPUCserviceterritory

Date: October 26, 2015

**Subject: Moving Over Dimensional Loads within HPUC Electric Service Territory**

A pre-trip route survey for over dimension loads over 14' in height and 20' in width must be conducted with the Hibbing Public Utilities Commission and approved by the HPUC Electric Superintendent.

A valid over dimension permit and an advanced notice of one week is required before the actual move.

Only qualified HPUC employees are allowed to move any HPUC owned lines and equipment.

HPUC will not charge a fee during regular business hours due to public safety.
