

Hibbing Public Utilities  
Policy Number: CUST091gasrates  
Date: May 1, 2004

**Subject: NATURAL GAS RATES**

The Rate Schedule is available at the HPUC offices. Standard agreements to supply natural gas service are based on the ability to purchase natural gas from the supplier and the HPUC's capacity limitations and distribution facilities.

The HPUC is responsible for the installation and repair of all natural gas services. All required permits and licenses must be obtained from the City of Hibbing Engineering Department or the City Clerk prior to any work beginning on public property.
