

Subject: WATER SERVICE WORK

General Requirements

1. Developer, contractor, or property owner is responsible for the installation, maintenance, and repair of their water lines. They will install the water lines in accordance with HPUC specifications. The distribution mains are the customer's responsibility until acceptance by the City of Hibbing, at which time the maintenance of the distribution mains will become the responsibility of the HPUC.
2. All excavations, backfill, and resurfacing on public property will be done in accordance with City of Hibbing ordinances and HPUC rules and regulations.
3. All required permits and licenses will be obtained from the City of Hibbing Engineering Department or City Clerk before any work begins on public property.
4. Upon written request, the HPUC may make taps from $\frac{3}{4}$ -inch up to 6 inches at the customer's expense. The HPUC will not do the trenching and will not make taps larger than 6 inches. This can be done by the customer or contractor. In these cases, the HPUC will perform site inspection to verify conformity.
5. All water services must be installed in accordance to HPUC Standards and Specifications.
