

**Billing Schedule for EDI Rate**  
(Existing Customer Move from Old to New Facility)

Customer Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Old Facility**

Average kW Demand = \_\_\_\_\_ kW

Average kWh Demand = \_\_\_\_\_ kWh

If existing customer's average peak demand increases by 25 kW or more, all kW and kWh over the above average kW and kWh will be billed at the EDI Rate for five years. All kW and kWh at and below the above existing averages will be billed at present power rate based on the old facility demand average.
