

PUBLIC UTILITIES COMMISSION  
HIBBING, MINNESOTA  
ELECTRIC SERVICE  
GENERAL SERVICE (GS) RATE 2001

**Applicability:**

This rate is available to general service consumers who are most economically served or desire service under this rate. This rate is available, as described herein, to the entire service area. This rate is available only to customers whose monthly kilowatt demands do not exceed 8 kilowatts through a single metering installation. Eligibility is determined on a quarterly basis with demand levels existing for seven of the preceding 12 months.

**Character of Service:**

120-240 volts single phase or 120-208, 240 volts, three wire, optional with the Public Utilities Commission single phase and three phase where available, 60 cycle alternating current, for new consumers or installations. Secondary metering, only, will apply to this rate for new consumers or locations.

**Rate:**

All Usage 10.2¢ per KWH per month

**Energy Acquisition Adjustment Clause:**

The above rates shall be adjusted in accordance with the Fuel-Energy Adjustment Clause.

**Minimum Monthly Charge:**

Single Phase Service \$12.22\* per meter per month

**Delayed Payment Charge:**

Five percent (5%) of the above computed billing or minimum charge if not paid by due date on bill or within fifteen (15) days from rendition of bill.

**Terms and Conditions:**

All electric service of the Public Utilities Commission is rendered under and subject to the General Service Rules and Regulations of the Public Utilities Commission, but in no event shall the Service Rules and Regulations override the service conditions described herein in this rate schedule.

PUBLIC UTILITIES COMMISSION  
HIBBING, MINNESOTA  
  
ELECTRIC SERVICE  
NET ENERGY (NE) RATE 2002

**Applicability:**

Applicable in all Rate Areas to cogenerators or small power producers rated at 40 kW or less. This rate is available to any customer taking single or three phase service under one of the Hibbing Public Utilities' standard electric rate schedules and who has entered into a contract with the Hibbing Public Utilities for the sale of electricity as a cogenerator or small power producer (Seller) as defined under State or Federal Law.

**Net Energy Billing Rate:**

Net Energy shall be the difference between all kWh's supplied by the Hibbing Public Utilities to the Seller and those generated by the Seller and fed back into the Hibbing Public Utilities' distribution system as surplus energy during the month. Seller shall be billed on Hibbing Public Utilities' standard applicable rate schedule based on the amount of Net Energy to Seller or based on zero kWh where the amount of Net Energy is to Hibbing Public Utilities. If the amount of Net Energy is to Hibbing Public Utilities, Seller shall be subject to the following Energy Credit:

**Energy Credit:**

**Current Electrical Rate per kWh of Net Energy – All Customers**

**Delayed Payment Charge:**

Five percent (5%) of the above computed billing or minimum charge if not paid by due date on bill or within fifteen (15) days from rendition of bill.

**Terms and Conditions:**

All electric service of the Public Utilities Commission is rendered under and subject to the General Service Rules and Regulations of the Public Utilities Commission, but in no event shall the Service Rules and Regulations override the service conditions described herein in this rate schedule.

Effective January 1, 2010
